

- Major contributor to the local regional economy and to Northern Ireland as a whole.
- The company provides significant employment and a valued customer of the local supply chain.
- Development of strong supply chain relationships that are key to maintaining security, consistency and quality of supply. This also provides its customers with quality, high-recycled content products and traceability of packaging production waste.
- Huhtamaki's strong commitment to quality.

Read the attached article (see hyperlink) to find out exactly how Huhtamaki has worked within its three Northern Irish companies to repurpose recovered fibre for recycling close to home.
