

To celebrate HPR being awarded Platinum status in the Zero Accident Club, Huhtamaki are delighted to donate £1,282 to MindWise New Vision.

Pictured are Corin Goodall (General Manager, Huhtamaki Lisburn) and Jackie McCaughey (Housing Support Area Manager, MindWise NV).

Huhtamaki selected MindWise NV to support as there has been a noted increase in mental health issues as a result of the recent lockdowns. The true extent of this is unlikely to be known for many years to come.

MindWise NV provides over 30 services across Northern Ireland, working alongside people at risk of and affected by mental health issues, their carers, and their families.

These services include: Housing Support and Independent Living , Advocacy and money advice, emotional and mental wellbeing support, day care and community support, and support for vulnerable adults within the justice system as well as mental health training through Work Wise.
